2019 – 2020 PROGRAMS

CHILDREN'S DIVISION

All female students must wear pink tights, pink ballet slippers and hair secured neatly in bun, or cleanly pulled away from face if hair is short. No jewelry should be worn, with the exception of stud earrings. Upper level dancers: Leotards should not have attached skirt. If you wish to purchase a skirt, a simple skirt is recommended for proper development of the back and arm placement. Students may enroll in as many classes per week as interested.

Placement is determined by technical ability, NOT AGE, and is ultimately the decision of the director and faculty.

*****Those students wishing to study Pointe must be taking at least 2 ballet technique classes per week.*****

Please NOTE: Students attending less technique classes each week will not progress at the same pace as students enrolled more frequently. Students will always be placed at their current technical level for safety.

For students wishing to study more intensively, progress will definitely improve depending on the number of classes and techniques taken. Please remember that students most likely will continue in a level for 2 or more years, particularly as a student advances into the Upper School. Advancement will depend on mastering the technique presented at each level. Students progress at different rates and therefore, students are evaluated on an individual basis for advancement. Students are placed in the most appropriate level to correctly and safely strengthen technique which guarantees a successful learning experience.

Additional Alternative Technique: It is highly recommended that students supplement their ballet training with cross-training with alternative technique classes. The dance world today is very diverse, as are all professional ballet companies. See the schedule for days/times for the different styles and offerings.
